

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Contracting Activity: 6 CONS	Purchase Request/ Identification Number: F2VVHC4258AW01
Project/Program Name: POTUS Visit Stage Equipment	Estimated Contract Cost (including Options): \$94,360.00

Section B: Description of the Supplies/Services Required

This requirement is for stage equipment for a POTUS Visit. The equipment will include a stage, drapery, and audio/visual equipment.

Section C: Justification for Soliciting from a Single Source

Final requirements were defined on 16 September 2014. Aside, from Elite Productions Services, no other company is able to deliver the items required on the same day. The items are needed before 17 September 2014, as USCENCOM and the White House staff will be organizing press events that will take place with the President on 17 September 2014.

Section D: Efforts to Obtain Competition

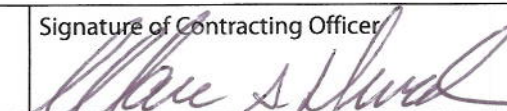

Market research was conducted to determine if others could provide these items and compete for this requirement. Three sources were contacted and communicated that they could not provide the requirement with such quick turnaround. IAW FAR 5.202(a), The proposed contract action is made under the conditions described in 6.302-2 (or, for purchases conducted using simplified acquisition procedures, if unusual and compelling urgency precludes competition to the maximum extent practicable) and the Government would be seriously injured if the agency complies with the time periods specified in 5.203.

Section E: Steps to Preclude Future Single Source Awards

Urgent and compelling requirements are not foreseeable. Therefore, we will continue to use operational awareness to identify emergency requirements as early as possible.

Section F: Contracting Officer's Determination

I have determined, in accordance with FAR 13.106-1(b)(1), that the circumstances of this contract action deem only a single source is reasonably available.
